# GUIDELINES

**GARMENT CONSTRUCTION.** Details that are to be considered when judging include: seams, hems, fastenings, general finish, neatness and cleanliness.

Machining must be uniform, well placed with functional zippers, plackets, overlaps even in width, evenly stitched and neatened both ends.

Button Holes are to be evenly spaced, neat, durable and suitable for garment type.

Degree of difficulty will be taken into account when being judged.

Embroidery on garments, e.g. appliqué, smocking, etc, will only be assessed as appropriateness to the garment and neatness.

**FANCY NEEDLEWORK.** Framing, where applicable, will be taken into consideration when the exhibit is judged.

Work is to be clean and well presented. Deductions will be made for:- Worn threads, missed stitches, uneven tension, visible design marks, visible carriage of threads, inconsistent direction of stitches in cross stitch items, cushions poorly filled. It is the exhibitor's responsibility to ensure external dimensions of frames meet class size criteria.

**HAND KNITTING.** Correct and even tension, patterns should match all seams. Knitting must be finished without knots and wool joined at seams with no ends.

Flat seams must be used on babies' knitwear. Ribbon should not be used at the neck of the garment.

Crochet finish and machine bands allowed. Shawls must be blocked – Blocking: When pressing is directed, place each piece on a padded surface with wrong side of work facing you. Without stretching any of the fabric, pin pieces to the padded surface, then press. Wait until the fabric has cooled before taking out the pins. Note: do not press ribbing.
