

The Royal Agricultural Society of Tasmania
2011 Wrest Point Royal Hobart Wine Show

CLASS 1 Riesling 2011 2011 VINTAGE DRY WHITE

Comments: Award winning wines were wonderful wines showing a range of legitimate flavours and styles. Balance and harmonious palates were important. The judges were disappointed with many of the non award wines. A few of these with a bit more attention to sulphide management would have been highly pointed. Problems included excessive sulphides, oxidation and premature development. Many wines were plain and dull.

Comments: Encouraging to see some wines that are obviously made deliberately as medium styles. Wines generally lacked perfect balance. The key with these styles is to minimise phenolics and get wines clean

CLASS 12 Riesling 2010 and older 2010 VINTAGE & OLDER DRY WHITE

Comments: A strong class of wines showing what a great variety this is for Australia. A range of styles in the awards but all showing purity, grace and length of flavour with great balance. Non award wines were plain, and showing out of balance sulphides. There were also too many wines showing premature development, or oxidation.

CLASS 48 Pinot Noir 2010 2010 VINTAGE DRY RED

Comments: A large group of wines - a record?. The growth in importance of Pinot Noir from Australia in this show and many good wines. Wines fell into two stylistic groups - the lighter elegant pretty wines and the more substantial style which needs time to develop. The balance of tannin and fruit is critical. Some controversy about the use of oak - especially charred oak which has to be treated with caution when maturing Pinot Noir.

Comments: Medal wines indicative of required style - showing fruit/oak/tannin balance. Many wines down pointed for excessive alcohol levels, oak unbalance and/or high extract levels. Exhibitors urged to look at more linear styles with structure and complexity.

CLASS 63 Cabernet Sauvignon - any vintage COMMERCIAL DRY RED - ANY VINTAGE

Comments: Award winning wines were lovely styles of cabernet with varietal expression. Non award wines were generally plain and lacking varietal characters. Other problems included some excessive brettanomyces, out of balance, oak and over-ripe fruit.

CLASS 74 Pinot Noir any vintage INDIVIDUAL VINEYARD CLASS - DRY RED - ANY VINTAGE

Comments: Strong class with many good wines with diversity in styles which encouraged a lively debate. The weaker wines lacked freshness and Pinot Noir varietal character. There was some discussion about the merits for white bunch fermentation and the excessive use of charred oak. A very high number of silver medals confirmed the overall quality of the entries and the golds were of great quality.

CLASS 98 Sparkling White Wine SPARKLING WINE

Comments: Wines lacked varietal fruit character with the mousse lacking creaminess but interesting to see the emergence of prosecco which was true to its variety and well suited to this early consumption type of wine. A few wines showed classical fruit definition of good flavour.
